INNOVATION AND IPR – MYTHS, REALITIES & OPPORTUNITIES

FEBRUARY 4, 2022

CSI Student Chapter (Department of Computer Applications) organized an expert talk on Innovation and IPR- Myths, Realities & Opportunities. The session was conducted by Dr. Sachin Ahuja (Professor & Director-Research, Chitkara University, Punjab). Dr. Sachin busted the myths regarding innovation and discussed how Chitkara University helps students and teachers to file patents. He also discussed the importance of patents, copyrights and trademarks. The resource person answered the queries of the students regarding copyright issues. It was a very informative and interactive session.

The poster features the Chitkara University logo at the top left and the Institution's Innovation Council logo at the top right. The central graphic consists of four interlocking puzzle pieces in purple, orange, green, and blue, each containing an icon (a lightbulb, a magnifying glass, a location pin, and a gear). To the right of the puzzle pieces, the text reads: **INNOVATION & IPR** in large blue letters, followed by **MYTHS, REALITIES & OPPORTUNITIES** in purple. Below this, it identifies the **Resource Person: DR. SACHIN AHUJA**, a **Professor and Director (Research) Chitkara University, Punjab**. It also lists the **Faculty Coordinator: Dr. Deepika Chaudhary** and the **Student Coordinator: Gaurav | 8437208855**. At the bottom, it states the event was **Organized by: CSI Student Chapter Department of Computer Applications Chitkara University, Punjab** on **Date: February 4, 2022** at **Time: 02:30 PM - 03:30 PM**.

Two screenshots from a Zoom meeting are shown. The top screenshot displays a presentation slide titled "Design Patent filed by Dr.S.N.Panda and Team". The slide contains three images: a hand with a blue sensor device, a medical machine, and a blue mechanical component. The bottom screenshot shows the Zoom interface with a presentation slide titled "DESIGNS". The slide defines "Design" as "only the features of shape, configuration, pattern or ornament or composition of lines or colour or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means." and provides examples: "Shape of water bottle, Shape of cap". The slide also shows images of a smartphone, a high-heeled shoe, and a tire. The Zoom interface includes a list of participants on the right and a toolbar at the bottom.

INDUSTRY VISIT-APPMOBI IT SERVICES

FEBRUARY 8, 2022

CSI Student Chapter (Department of Computer Applications) organized an industry visit to Appmobi IT Services in virtual mode. The session was conducted by Mr. Gurmeet Singh (Project Manager) who provided insights into the working of IT corporates. He discussed about work ethics and how important it is to maintain professionalism in this fast growing sector. He stated that confidence, discipline and time management skills are the keys to succeed in the IT sector. He apprised the students to explore the domain they are interested in and start developing skills accordingly. He also discussed how Appmobi provides automated real-time threat detection and remediation from insecure apps and IoT.

EXPERT TALK ON LOGIC BUILDING

FEBRUARY 8, 2022

CSI Student Chapter (Department of Computer Applications, Chitkara University, Punjab) organized an expert talk on “Logic Building” on February 8, 2022. 103 students from the department participated in this event. The resource person Mr. Vikas Rattan (Associate Professor, Department of Computer Applications) discussed various aspects of program logic development and logic building intricacies. He also emphasized the need of regular practice to develop strong logic for problem solutions. He touched the concepts by relating them with simple examples. Students participated enthusiastically and interactively.

The poster is for an "EXPERT TALK" on "LOGIC BUILDING". It features logos for Chitkara University, the Institution's Innovation Council, and the CSI Student Chapter. The text identifies the resource person as Mr. Vikas Rattan, an Associate Professor in the Department of Computer Applications at Chitkara University, Punjab. The event is scheduled for February 21, 2022, at 2:30 PM. The student coordinator is Gaurav Chib, with contact number 8437208855. The background is a light blue map of Punjab with various tech-related icons like a laptop, smartphone, and code symbols.

WEBINAR ON DOMAIN NAME SYSTEM (DNS)

FEBRUARY 22, 2022

CSI Student Chapter (Department of Computer Applications) organized a webinar on Domain Name System (DNS) in virtual mode. The session was conducted by Mr. Manoj Shukla (Network Administrator, Banasthali Vidyapith). Mr. Manoj Shukla gave the students an insight on the working mechanism of Domain Name System. He also discussed the role of DNS and importance of domains and namespaces in this fast growing sector in the networking field. Resource person also cleared the doubts and it was a very useful and informative session for the students.

Two screenshots from a Zoom meeting. The top screenshot shows a slide titled "Overview of the DNS Namespace" with a hierarchical diagram: Root Domain (net, com, org) -> Top-Level Domain (netraders) -> Second-Level Domain (west, south, east) -> Subdomain (sales). The bottom screenshot shows a slide titled "Considerations for Deploying the DNS Server Role" with a list of checkboxes: [x] The user account must be a member of the local administrators group or equivalent; [x] Manually configuring the server to use a static IP address is recommended; [x] Manually editing the server and boot files is not recommended; [x] Use the DNS console or dnscmd; [x] Active Directory-integrated DNS zones cannot be administered using a text editor.

EXPERT TALK ON WEBSITE PUBLISHING

MARCH 3, 2022

CSI Student Chapter (Department of Computer applications) organized an expert talk on "Website Publishing". The session was conducted by Mr. Amanpreet Singh (Assistant Professor, Department of Computer Applications, Chitkara University, Punjab). Mr. Singh gave the students an insight on hosting a website. He also explained how a website should be designed and why quality assurance audit is a must for a website. He motivated that students to publish a website and establish their own start-ups. It was a very useful and informative session for students.

Before you can decide how to build your website, you'll need to consider two critical factors. These are:

- **Time:** The time required to build a website can vary widely based on the method you're using. So it's essential to know whether you're in a rush or can afford to take your time.
- **Budget:** Building a website can be inexpensive if you go about it the right way. However, if you want to avoid ads from your site or avoid access to extended features, you will need to budgets in a way to get what you need.

TECHQUIZ

MARCH 4, 2022

CSI Student Chapter (Department of Computer Applications) organized an online quiz competition "TECHQUIZ" on March 4, 2022. Thirty students from the department participated in the event. The questions were based on programming and logic development that helped the students to test and enhance their coding skills in various programming languages. Parth Khatter, Shubham Jain and Pulkit Saxena of BCA program bagged the first, second and third position respectively.

The poster for the TECHQUIZ event is set against a dark blue background with a satellite and green hills at the bottom. It includes logos for Chitkara University and the Institution's Innovation Council. The text provides details about the organizing body, the quiz's focus on C++ programming, the date, time, and venue, and the student coordinator's contact information.

TECH MASTER

MARCH 7, 2022

CSI Student Chapter (Department of Computer Applications) organized an online quiz competition "TECH MASTER" on March 7, 2022. Sixty students from the department participated in the event. The event was aimed to assess the cognitive skills and conceptual knowledge of the students. The event comprised of two rounds i.e. technical quiz (round-1) and group discussion (round-2). Students participated with keen interest and Ujjwal (BCA-6), Paras (BCA-6) and Deeksha (BCA-4) bagged the first, second, and third position respectively.

TECH-A-THON

MARCH 9, 2022

CSI Student Chapter (Department of Computer Applications) organized “TECH-A-THON” in association with Astrople Technology Solutions to give the students an opportunity to think, design and implement the logical solution of the problem. Problem statements were given by the company and two days were given to the students to deliver the solution. Participants were allowed to use jQuery, JavaScript, Bootstrap, PHP and Laravel. Evaluation was based on UI/UX, responsive, dynamic, flow of code/logic and reusability of functions. This event gave participants a competitive environment to showcase their talent and enhance their skills. The students had a great experience in applying their skills while competing with other participants.

The poster for the TECH-A-THON event features a dark blue background with a circuit board graphic forming a hand shape. It includes logos for Chitkara University, Institutions' Innovation Council, and Astrople. The event details are as follows:

Event Details	
Date	: 9th & 10th March, 2022
Time	: 09:30 AM - 04:00 PM
Technology	: jQuery, JavaScript, Bootstrap, PHP, Laravel
Venue	: DeMorgan Block, Second floor

Evaluation Criteria	Registration	Team Size
UI/UX Responsive Dynamic Flow of code/logic Reusability of Functions	Free	2 Members/Team

Awards
*One month full time training by company at its premises for winners.
*Certificates for Winning Teams

SESSION ON CYBER SECURITY

MARCH 10, 2022

Cyber Security is in high demand these days and is the need of the hour. This webinar was proposed with an objective to help the students to learn the important concepts such as cyber security basics, ethical hacking and various cyber security attacks. The event was organised on March 10, 2022 for the students. Ninety five students attended the session and they enjoyed the event thoroughly. The resource person covered various aspects of cyber security including prevention of cyber espionage, protection against cyber-crimes; protect data from being exposed through hacking. Students were very keen in attending such kind of informative sessions in the future also.

The poster is for a session organized by the CSI Student Chapter, Department of Computer Applications, Chitkara University, Punjab. It features a red and orange color scheme. At the top, it lists the organizing bodies: Chitkara University, Institute of Innovation Education, and the CSI Student Chapter. The main title is 'Session on Cybersecurity', with 'on' in a smaller font. Below the title is a date and time slot: 'Date - 10th March 2022 | 1:30-2:30 PM'. The resource person is listed as 'Ms. Jasmeen kaur Chahal'. At the bottom, the student coordinator is 'GAURAV CHIB- 8437202885'. There are icons for a padlock and a computer with a skull and crossbones.

TECHGYANAM

MARCH 12, 2022

CSI Student Chapter (Department of Computer Applications) organized TechGyanam – “An Industry Talk on Big Data Analytics”. The resource person of the event was Mr. Chirag Jain (Associate Consultant, Virtusa). Mr. Jain is also an alumnus of Department of Computer Applications, Chitkara University, Punjab. He explained students that how useful information is extracted from big chunks of data and discussed the skills required for the job role and how Java is helpful in data analytics. He also discussed data structures, EMA system, and the difference between data mining and big data and encouraged the students to pursue a career in this field. The students learned and gained a lot from this session and were inspired by the alumnus, Mr. Jain.

APPLICATION AREAS OF MACHINE LEARNING

MARCH 22, 2022

CSI Student Chapter (Department of Computer Applications) organized a session on “Application Areas of Machine Learning” in virtual mode. The session was conducted by Ms. Rajwinder Kaur (Asst. Professor, Department of Computer Applications, Chitkara University, Punjab). Machine Learning is in huge demand as it gives enterprises a view of trends in customer behaviour and business operational patterns, as well as supports the development of new products. Many of today's leading companies such as Facebook, Google and Uber make Machine Learning a central part of their operations. Resource person provided basic understanding of Machine Learning and explained that it is a branch of computer science that focuses on developing algorithms which can “learn” from or adapt to the data and make predictions. Participants attended the talk with keen interest and cleared their doubts.

WEB DEVELOPMENT USING JOOMLA

MARCH 25, 2022

CSI Student Chapter (Department of Computer Applications) organized a session on “Web Development Using Joomla” in virtual mode. The session was conducted by Mr. Amanpreet Singh (Assistant Professor, Department of Computer Applications, Chitkara University, Punjab). Mr. Singh provided the students some insights on the development of websites using Joomla CMS. He discussed various topics such as component, modules, plug-ins and templates used in the Joomla framework and how to publish a website and transfer the local data to remote location using FileZilla. The session was much appreciated by the students.

SKILL ENHANCEMENT: A MASTER CLASS ON PROFESSIONAL RÉSUMÉ WRITING

FEBRUARY 14, 2022

"The best way to predict the future is to create it."

With this thought in mind, Matrix Club (Department of Computer Applications) in collaboration with IIC (Chitkara University, Punjab) organized an informative session on "Skill Enhancement: A Master class on Professional Résumé Writing" on February 14, 2022. In today's competitive market of professional jobs, a résumé is usually the base requirement for moving forward in the interview process. Preparing a résumé enables the employer you to assess your skills. A well-structured résumé clearly highlights your most relevant skills and experience to potential employers. A number of students of the department participated and learnt all the valuable techniques to build their professional résumé.

FROM RIGHT PORTFOLIO TO RIGHT JOBS
FEBRUARY 19, 2022

"The future belongs to those who learn more skills and combine them in creative ways."

With this thought in mind, Matrix club (Department of Computer Applications) in collaboration with IIC (Chitkara University, Punjab) organized a webinar on "From Right Portfolio to Right Jobs" which was delivered by Ms. Shivani Ahuja (BCA alumna of Chitkara University, Punjab) on February 19, 2022. She is a creative writer, english educator and also an author with BCM Educational Group, South Korea. In today's competitive market, it is very difficult to stand out as a fresh graduate. Students need to learn the skill to differentiate between their passion, their own skill set and right dream job for them. A number of students of the department participated wholeheartedly in the session and learnt all the valuable techniques to build their portfolio for the right jobs in future.

AI AND ROBOTICS: LATEST TRENDS IN TECHNOLOGIES

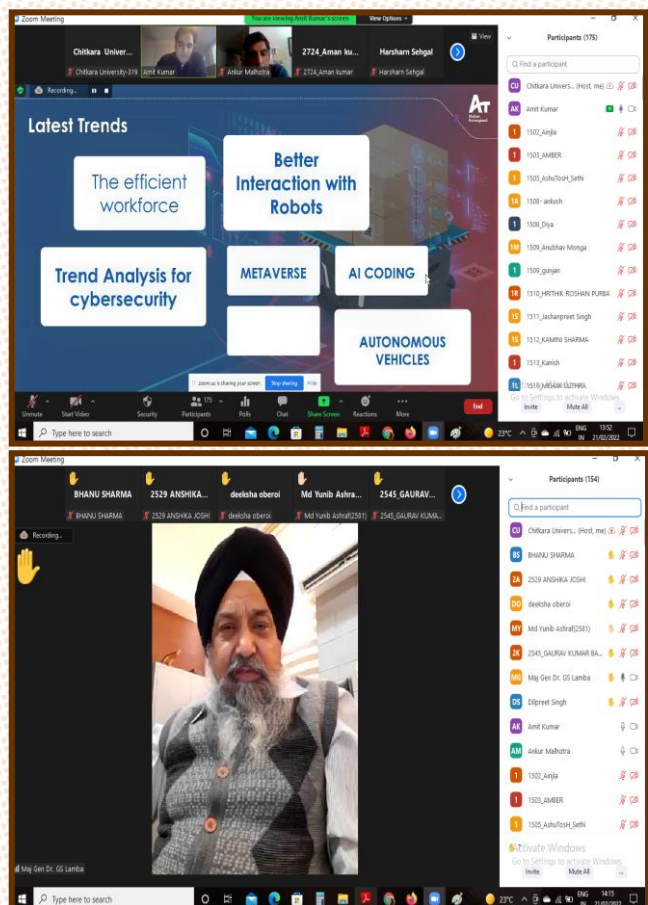

FEBRUARY 21, 2022

"An year spent in artificial intelligence is enough to make one believe in God"

With this thought in mind, Matrix club (Department of Computer Applications) in collaboration with IIC (Chitkara University, Punjab) organized an expert talk on "AI and Robotics: Latest Trends in Technologies" which was delivered by Mr. Amit Kumar (Co-founder, Addverb Technologies) on February 21, 2022. Artificial Intelligence (AI) and Robotics are a powerful combination for automating tasks inside and outside of the factory setting. In recent years, AI has become a common presence in robotic solutions, introducing flexibility and learning capabilities in previously rigid applications. A number of students of the department participated diligently in the session and learnt all the latest trends in the field by raising many meaningful queries to the speaker.

The poster features logos for Chitkara University, Institution's Innovation Council, Matrix Education Technology, and Addverb Technologies. The main title is "Expert Talk" in large blue letters, followed by "AI and Robotics: Latest Trends in Technologies". The date and time are "Date : 21 February 2022 | 1:30 PM". A circular portrait of Mr. Amit Kumar is shown next to his name and title "Co-Founder, Addverb Technologies Pvt Ltd". At the bottom, it states "Organized by Department of Computer Applications in Collaboration with IIC, Chitkara University".

Two screenshots from a Zoom meeting. The top screenshot shows a presentation slide titled "Latest Trends" with a central graphic and boxes for "The efficient workforce", "Better Interaction with Robots", "Trend Analysis for cybersecurity", "METAVERSE", "AI CODING", and "AUTONOMOUS VEHICLES". The bottom screenshot shows a Zoom interface with a participant list on the right and a video feed of a man in a turban and grey sweater in the center.

ONLINE GROUP DISCUSSION

FEBRUARY 26, 2022

"The aim of argument or of discussion should not be victory but progress"

Matrix club (Department of Computer Applications) organized online group discussion for BCA students on February 26, 2022 to involve the students to share their ideas, views, and activities. Students in the group discussion were connected with one basic idea. Based on that idea, everyone in the group represented his/her perspective. The topic covered in the event was "Jobs v/s higher study". One of the biggest dilemmas that students face after completing their graduation is whether they should pursue their dream job or to go for higher studies. Most of the students opt for job options because they look for an opportunity to earn and become independent, while some want to gain more knowledge, and in turn go for higher studies. The students of the department were really excited to share their views and opinions on the topic during the online discussion.

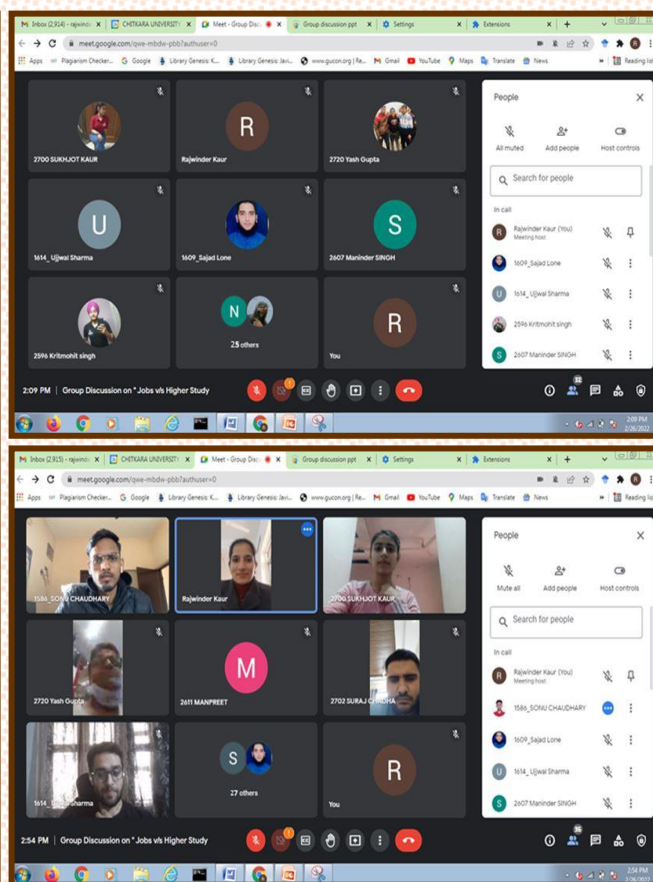

Online Group Discussion

Topic : Jobs v/s Higher Studies

Date : 26th Feb, 2022 Time : 2:00 PM

Organized By
Matrix Club under the Aegis of
Department of Computer Applications
Chitakara University, Punjab

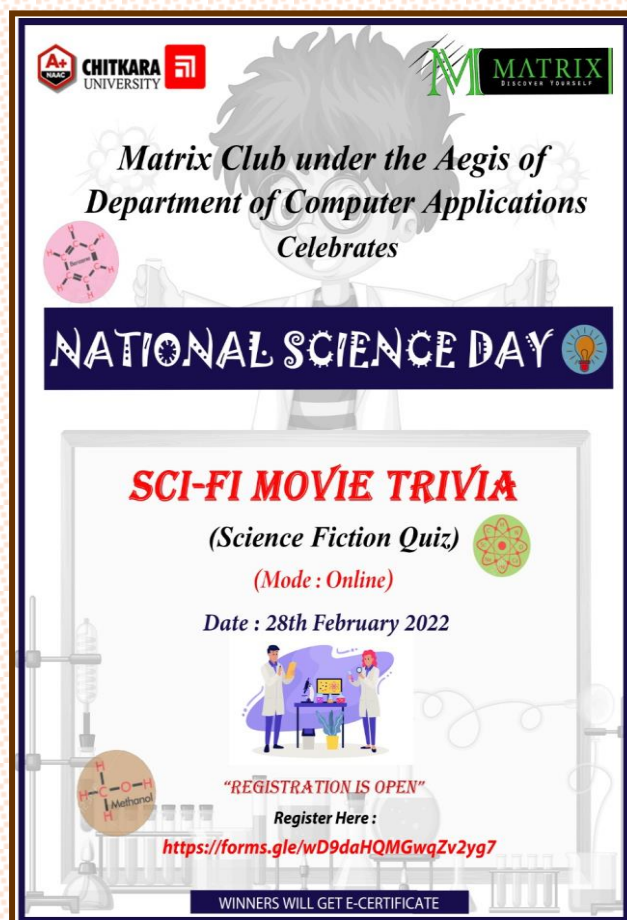

NATIONAL SCIENCE DAY: SCI-FI MOVIE TRIVIA

FEBRUARY 28, 2022

"Science, like life, feeds on its decay. New facts burst old rules; then newly divined conceptions bind old and new together into a reconciling law."

National Science Day is celebrated to spread a message about the importance of science used in the daily life of the people. It is celebrated to discuss all the issues and implement new technologies for the development in the field of science and to provide an opportunity to scientific minded citizens in India.

With this notion in mind, Matrix Club (Department of Computer Applications) in collaboration with IIC, Chitkara University, Punjab celebrated National Science Day on February 28, 2022 wherein a Quiz competition based on Science Fiction movies was held to raise awareness among the students regarding National Science Day.

The poster features the logos of Chitkara University and the Matrix Club. It includes a cartoon character of a scientist and a molecular structure. The text reads: "Matrix Club under the Aegis of Department of Computer Applications Celebrates NATIONAL SCIENCE DAY". Below this, it says "SCI-FI MOVIE TRIVIA (Science Fiction Quiz) (Mode : Online) Date : 28th February 2022". There is an illustration of two scientists in a lab. The text "REGISTRATION IS OPEN" is followed by "Register Here : <https://forms.gle/wD9daHQMgwqZv2yg7>". At the bottom, it says "WINNERS WILL GET E-CERTIFICATE".

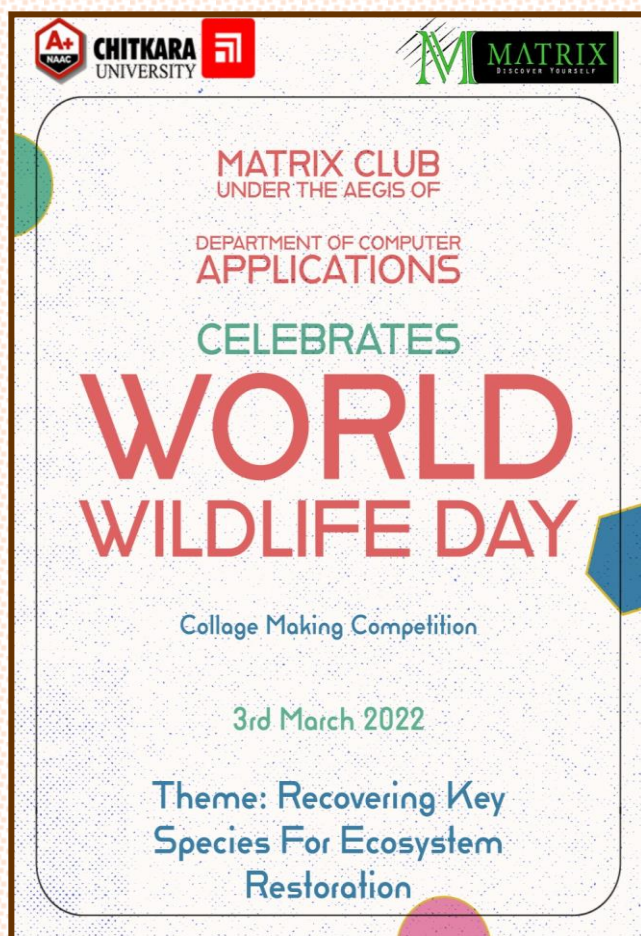

COLLAGE MAKING COMPETITION – WORLD WILDLIFE DAY

MARCH 3, 2022

Matrix club (Department of Computer Applications) organized a collage making competition on the occasion of World Wildlife Day on March 3, 2022 wherein a number of students of BCA participated. The theme of the competition was protecting key flora and fauna for ecosystem restoration. The Wild Life (Protection) Act, 1972 is very important because it saves our native marine life, plants, and other land-based wildlife from going extinct. Once gone, they're gone forever.

A number of students showed their concern for vulnerable and endangered species such as the Royal Bengal Tiger, Red Panda and Himalayan Yak. Beautiful and creative collages were submitted by the students.

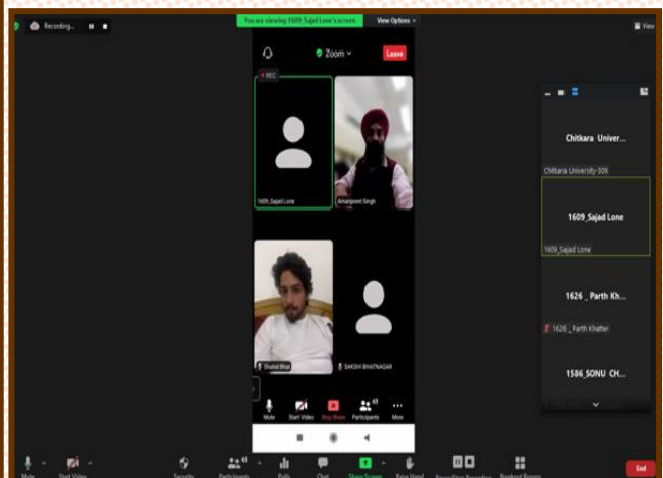

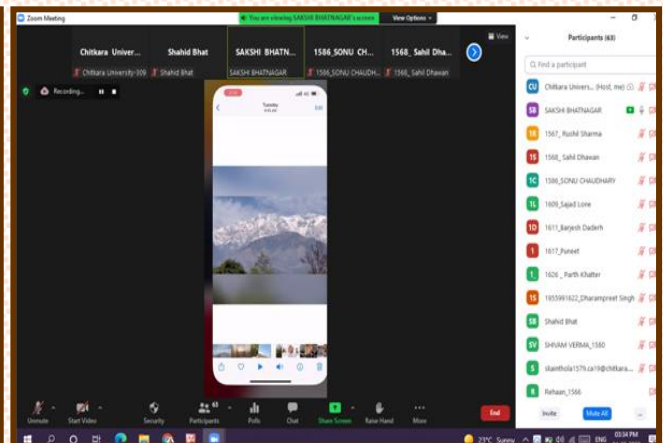

CREATIVE EYE

MARCH 4, 2022

“Your deepest roots are in nature. No matter who you are, where you live, or what kind of life you lead, you remain irrevocably linked with the rest of creation”

The global COVID-19 crisis has been a wakeup call for the human race. As we got locked at home, Mother Nature peacefully reclaimed its space teaching us lessons that were long overdue. With travel bans being imposed in several parts of the world, there had been a drastic drop in the levels of air pollution. It's time to build back better for people and planet; it's time for nature.

With this notion in mind, Matrix Club (Department of Computer Applications) organized an event “Creative Eye” wherein video making competition was held on March 4, 2022 wherein a number of students participated from the department and showcased their skills in video making on the theme “NATURE”.

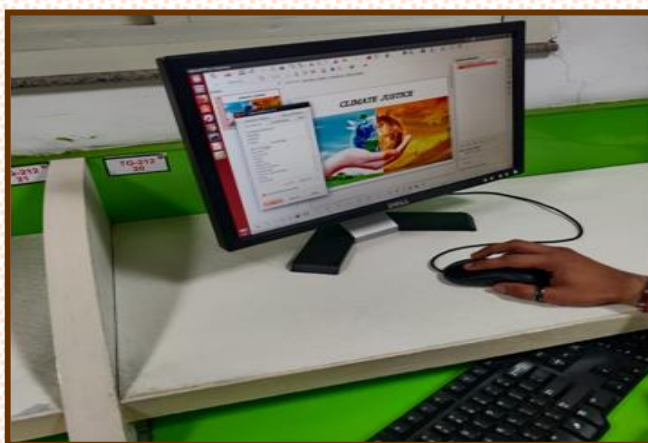

MULTIMEDIA PRESENTATION ON CLIMATE JUSTICE

MARCH 10, 2022

"All human beings are born free and equal in dignity and rights. Yet, when it comes to the effects of climate change, there has been nothing but chronic injustice and the corrosion of human rights."

With this notion in mind, Matrix Club (Department of Computer Applications) organized multimedia presentation on Climate Justice on March 10, 2022 wherein a number of students participated from the department. The students prepared the presentations and the event got a tremendous response from students and was thoroughly enjoyed by everyone. Manish (BCA-6), Ishmita Reehal (BCA-6), and Pulkit Sexana (BCA-6) bagged the first, second, and third position respectively.

AGNOSTIC CLICK

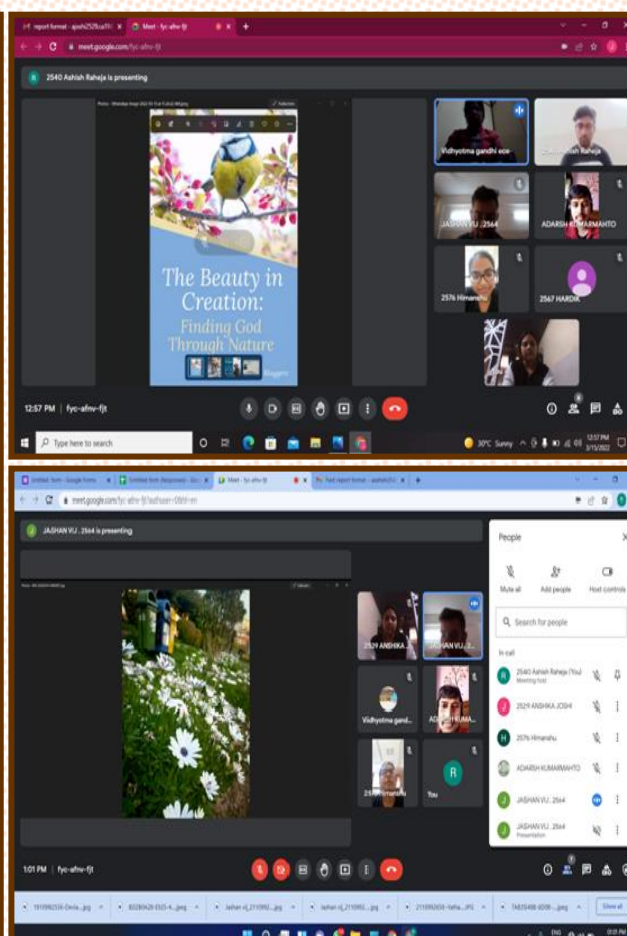

MARCH 15, 2022

"By discovering nature, you discover yourself". —Maxime Lagacé

Matrix Club (Department of Computer Applications) organized a cultural activity in virtual mode. The theme was: "Creation is the canvas on which God has painted his character". Students were invited to register to show what they feel about God and his creation "Nature". Students had to send their pics in the first round following which ten students were shortlisted for second round wherein, they explained their perception of the image they clicked/ sent. In a panel format, students listened to the each one's perception of nature's beauty. It was really an interesting session. Himanshu (BCA-6), Adarsh Mahatoo (BCA-6) and Jashan Vij (BCA-2) bagged the first, second, and third position respectively.

The poster for 'Agnostic Clicks' features a blue background on the left with the Chitkara University logo and the Matrix Club logo. It includes the text 'Matrix Club under the Aegis of Department of Computer Applications Organizes', 'Agnostic Clicks', 'Theme: Almighty or it's Creation [Nature]', 'Registration is open', 'Registration Link-- <https://forms.gle/A1qD3t4MHZfk6x8bA>', and 'Winners will get the e-Certificate'. On the right, a black and white photo of a person taking a picture of a flower is shown. At the bottom right, a calendar icon indicates the date 'Date: 15th March, 2022' and time 'Time: 12:00 PM'.

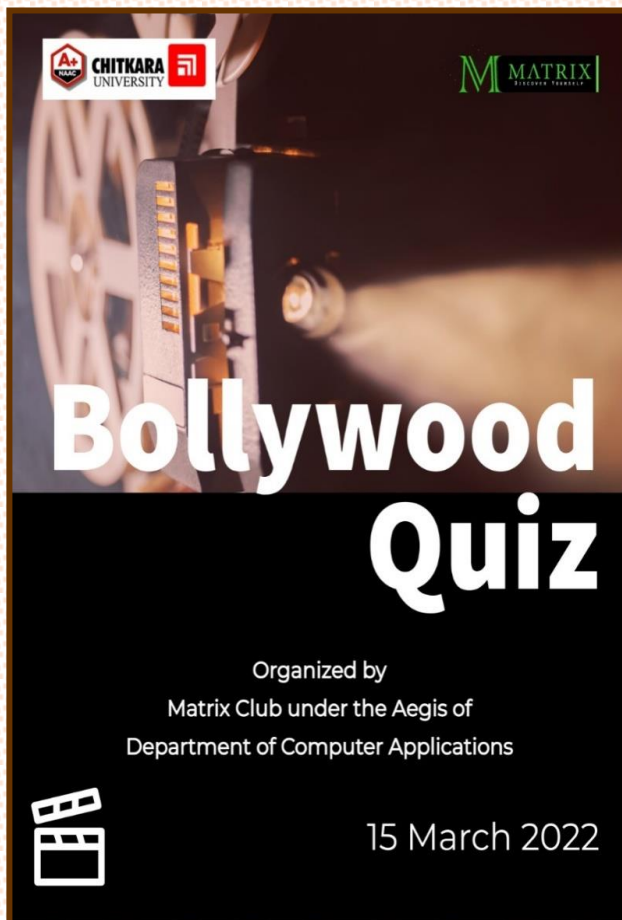

THE BOLLYWOOD QUIZ

MARCH 15, 2022

"To have fun is to love life and to love life is to live in contentment"
People rarely succeed unless they have fun in what they are doing" – Dale Carnegie.

You need to have fun sometimes and break free from your monotony, and sometimes boring, routine and find a getaway for a short while just to refresh your soul. A study into the energising effect of humour found that people who were exposed to humour were more persistent and better able to complete tasks. People with a positive mind-set perform better in the face of a challenge.

With this notion in mind, Matrix club (Department of Computer Application) organized "The Bollywood Quiz" to offer a refreshing break to students from their routine tasks with a cultural fun event.

HOLI CELEBRATIONS

MARCH 17, 2022

Matrix club (Department of Computer Applications) organized Rangoli and poster making competition on the occasion of Holi on March 17, 2022 wherein forty eight students participated from the department. The students were very excited to make colourful posters and rangoli pictures to celebrate this festival of colours, fun and joy. All students participated with zeal and showed their hidden talent through this competition. This event got a tremendous response from students and was thoroughly enjoyed by everyone.

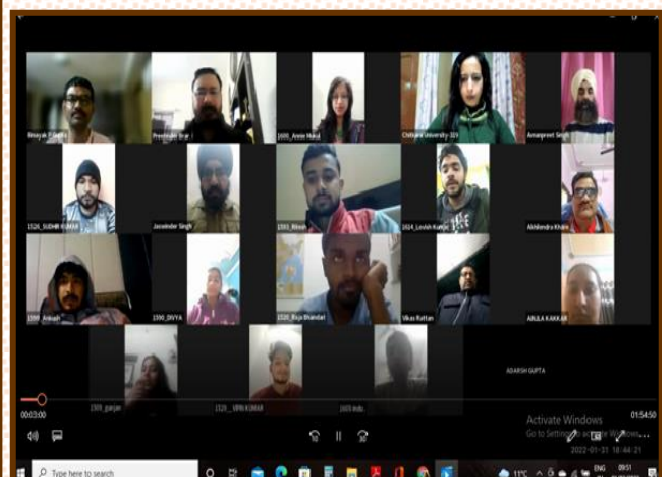

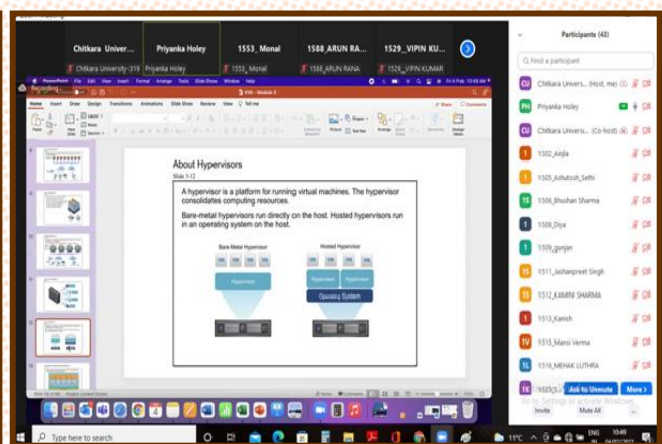

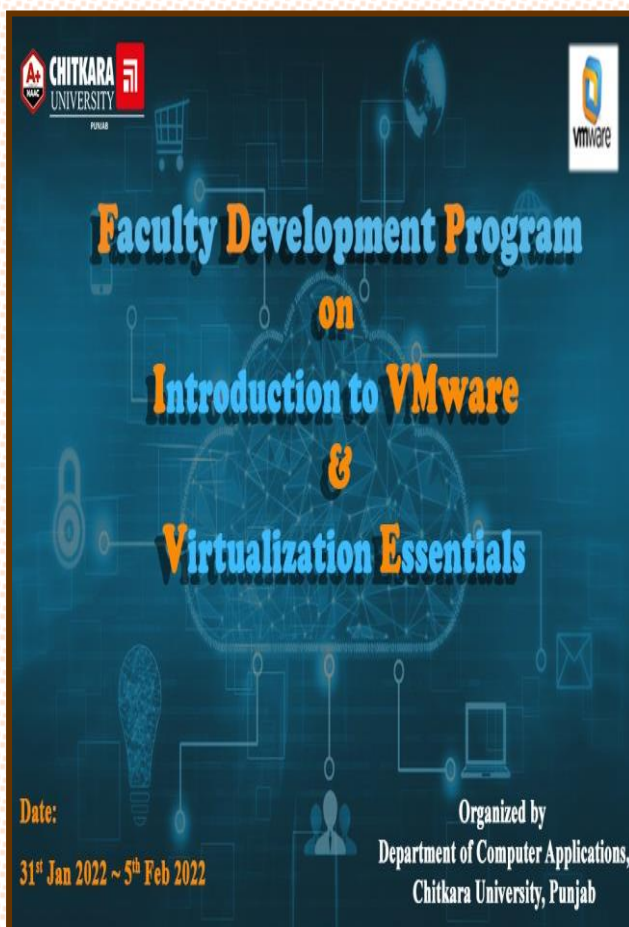

FDP ON INTRODUCTION TO VMWARE AND VIRTUALIZATION ESSENTIALS

JANUARY 31-FEBRUARY 5, 2022

"Sometimes virtualization and turn into hallucinations and delusions when we don't accept the reality."

Virtualization can increase IT agility, flexibility and scalability while creating significant cost savings. Greater workload mobility, increased performance and availability of resources, automated operations-they're all benefits of virtualization that makes IT simpler to manage and less costly to own and operate.

With this notion in the mind, the Department of Computer Applications, Chitkara University, Punjab organized a faculty development program in collaboration with VMware Software India from January 31, 2022 to February 5, 2022 wherein all the faculty members of the department learnt the techniques and technology of virtualization during hands-on sessions. Ms. Priyanka Holey (Technical Project Manager, VMware Software India Pvt. Ltd.) was the expert for the sessions.

INTERNATIONAL WOMEN'S DAY

MARCH 8, 2022

"Women are the real architects of society"

International Women's Day is a global day celebrating the social, economic, cultural and political achievements of women. The day also marks a call to action for accelerating gender parity. International Women's Day is the first big collective effort to celebrate womanhood and the success of women in different fields.

With this belief in mind, Department of Computer Applications (Chitkara University Punjab) celebrated International Women's Day on March 8, 2022 based on the theme of "Gender equality today for a sustainable tomorrow" wherein female faculty members of the department enjoyed the day by participating in cultural activities. The Day was commemorated wearing shades of purple or pink as a display of solidarity, a community of equality and inclusion.

EMERGING TECHNOLOGIES IN THE PARADIGM OF CLOUD COMPUTING

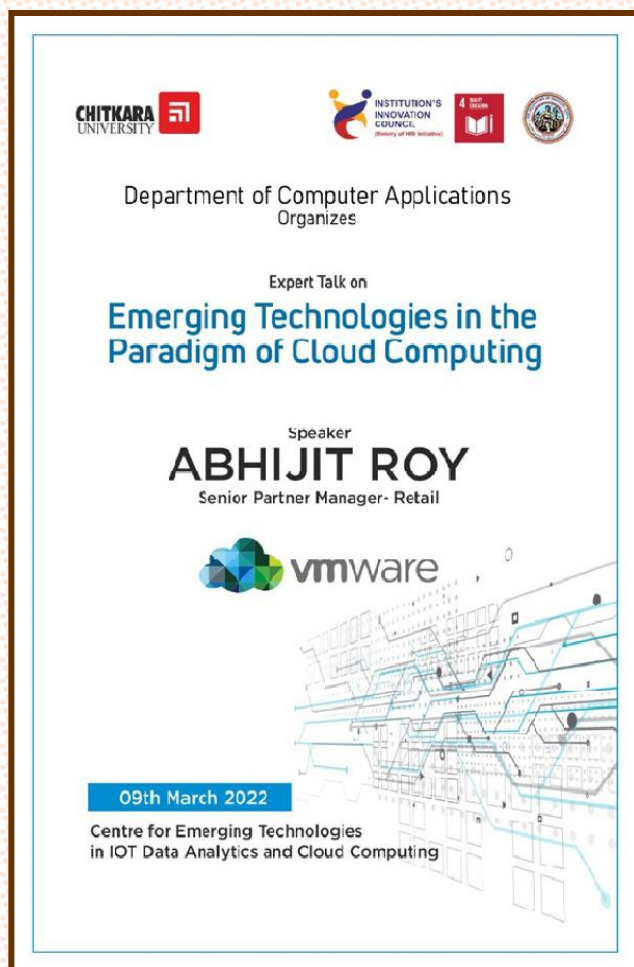

MARCH 9, 2022

"Cloud is about how you do computing, not where you do computing."

–Paul Maritz, CEO, VMware

Technology has come a long way in transforming the industry. Cloud computing is one major revolution in the process that has completely changed the way business functions. Virtualization is a key foundation for the cloud computing infrastructure we use every day.

With this notion in mind, Department of Computer Applications, Chitkara University, Punjab organized an expert session in collaboration with VMware Software India wherein the students of MCA were exposed to the latest emerging technologies in the field of Cloud computing. The session was conducted by Mr. Abhijit Roy (Senior Partner Manager, VMware Software India).

FACULTY ACHIEVEMENTS

Mr. Amanpreet Singh, Dr. Jaiteg Singh, Dr. Preetinder Singh Brar, Dr. Deepika Chaudhary, Ms. Vandana, Mr. Jaswinder Singh, Ms. Nishu Bali filed a patent titled "Keyboard with sliding mouse pad" on January 10, 2022 vide application number 356402-001.

Dr. Rajesh Kumar Kaushal and Dr. Naveen Kumar filed a patent titled "Binder Clip with Shutter Assembly for Electronic Devices" on February 26, 2022 vide application number 202211010433.

Dr. Deepika Chaudhary, Dr. Jaiteg Singh, Ms. Nishu Bali, Ms. Neelam Dahiya, Mr. Ashwani Singh Filed a patent titled "LED backed Ear cleaning tool with replaceable bud extension" Patent number 359409-001.

Ms. Rajwinder Kaur, Dr. Jaswinder Kaur Sandhu, Ms. Meena Pundir, Ms. Puninder Kaur, Ms. Anjali, Mr. Prateek Srivastava filed a patent titled "MultiUtility Nail Cleaner Handstick" on January 10, 2022 vide application number 359424-001.

Dr. Rajesh Kaushal and Dr. Naveen Kumar chaired a session at 4th IEEE International conference titled "Emerging Smart Computing and Informatics" on March 11, 2022 at Pune.

Ms. Payal Kaushal received the best paper award in 3rd International Conference on Emerging Technologies in Data Mining and Information Security (IEMIS 2022) on February 23-25, 2022.
