 Time : 10 : 30 AM Onwards

#### Organised by :

CSI Student Chapter  
Department of Computer  
Applications

STUDENT COORDINATOR  
SARITA SHARMA (8168781556)

CSI Student Chapter under the aegis of the Department of Computer Applications, Chitkara University, Punjab organized a workshop on "Website Design Innovations using Joomla". Joomla is an open source content management system (CMS) that is used to construct everything from simple corporate applications to sophisticated websites. The resource person provided information on the construction, update, and removal of software as well as content management system (CMS) software. Students set up Joomla using the XAMPP/WAMP server and simultaneously constructed the website by adding the joomshaper.com templates. The installation of Joomla's components, modules, and plug-ins has been taught to the students. Additionally, the students acquired a variety of design skills for the implementation of creative website ideas.

Student Coordinator - Sarita Sharma (8168781556)

CSI Student Chapter under the aegis of the Department of Computer Applications organized “Two-day Workshop on a Design-Centric Approach to Patents”. The Resource persons of the event were Dr. Jaiteg Singh (Professor and Dean, Department of Computer Applications), Dr. Deepika Chaudhary (Professor, Department of Computer Applications), and Dr. Jaswinder Singh (Associate Professor, Department of Computer Applications). Dr. Jaiteg Singh gave the opening keynote talk to the first day's session. He taught the students how to apply the design thinking methodology to solve challenges in the actual world. In her presentation, Dr. Deepika Chaudhary explained what Design Thinking is and how it has helped various businesses solve problems. Dr. Jaswinder Singh gave the workshop's opening remarks on the second day. He educated the students on the various kinds of intellectual property rights (IPR) and showed them how to submit applications for design and utility patents. After that, students gave some truly excellent ideas that could lead to the filing of the patent during a brainstorming session.

SARITA SHARMA(8168781556)

CSI Student Chapter under the aegis of the Department of Computer Applications, Chitkara University Punjab organized an expert talk on "Hands-on Session on Emerging Trends of Cyber Crime and its Mitigation". Mr. Akarsh Anand Sinha, Mr. Danish Jain, and Mr. Nakul Bansal served as the session's resource individuals. The wide spectrum of digital crimes that students learned about includes financial crimes, scams, cybersex trafficking, and computer fraud. Additionally, the students studied several measures to stop cybercrime. Resource people participated in a hands-on session where Mr. Akarsh demonstrated several tools, including SQL injection, XSS cross-site scripting, and cookie hijacking. The burp suite and cybercrime ethics were covered in a lesson by Mr. Danish and Mr. Nakul. Students conducted a critical analysis of the potential for cybercrime during this practical lesson to learn how to protect themselves. The resource persons also discussed the various planning methods and strategies for cybercrime.

5.5 Risks and Testing

5.5.1 Definition of Risk

- Risk - A factor that could result in future negative consequences. (ISTQB Glossary)
- Risk severity = Likelihood X Impact (the harm resulting from that event)
- Risk depends on where you are, who you are and what is important to you

5.2 Test Planning and Estimation

CSI Student Chapter under the aegis of the Department of Computer Applications, Chitkara University, Punjab organized an expert talk on “Critical Thinking in ISTQB Foundation Level Chapter Series (chapter-6)”. Ms. Smitha Menon, Senior Consultant, Verify software was resource person in this session. The resource person in this session mentioned the various testing metrics and illustrates how to apply these metrics for successful software testing. She also mentioned various risks associated with the improper testing and how to mitigate these risks. Students critically learned and analysed the testing metrics and its implementation on software. Students came to know about various risks associated with the improper testing and its impact on the stakeholders.

"Chitkara's Valorant Championship" was held on February 19–21, 2023 by the Matrix club under the aegis of the Department of Computer Applications and DICE, Chitkara E-sports Club. The College gaming club SKOAR provided sponsorship for the event. First-person tactical hero shooter is a free-to-play windows game created and released by Riot Games. Valorant is currently one of the most popular games in the Indian market. Players play as one of a set of Agents, characters based on several countries and cultures around the world. In the main game mode, players are assigned to either the attacking or defending team with each team having five players. The event was a success due to the efforts of numerous students and participation from various University departments.

# SARANG-DANCE COMPETITION

## APRIL 3, 2023

Matrix Club's "SARANG" was a celebration of skill, innovation, and enthusiasm for dancing under the aegis of the Department of Computer Applications at Chitkara University. On April 3, 2023, the event sponsored by Eagle Eye, co-sponsored by Navigators, with Coca-Cola as the beverage partner and Gifts/Hamper partners was held in the university auditorium, which was jam-packed with enthused attendees. The event featured a total of 22 participants from various university departments. Every dancer displayed their distinct style and abilities throughout each performance, which were all breath-taking. Each team brought its own flavour and style to the performances, which ranged from hip-hop to modern. The dance competition, which brought together the university's top dancers, was a resounding success overall. The gift baskets and other prizes donated by the sponsors were awarded to the winners.

## FACULTY ACHIEVEMENTS

Dr. Rajesh Kaushal was invited as a resource person at Vardhaman College of Engineering, Hyderabad to deliver an expert session on Hyperledger Fabric Blockchain Framework on April 28, 2023. The talk was focused on Blockchain Networks, installing Blockchain Framework (Fabric) and way to evaluate its performance. Approximately 700 participants (Faculty and Students) joined this FDP.

Dr. Naveen Sharma conducted hands-on workshop on Bulid and simulate your network using packet tracer on June 7, 2023 under Institution Innovation council (IIC) in collaboration with immersive and interactive technology Lab (IITL) and IoT and cloud computing lab, Chitkara University, Punjab.

Mr. Jaspreet Singh Bajaj was awarded with the best research paper titled “System and Method for Driver Drowsiness Detection Using Behavioral and Sensor-Based Physiological Measures” in April, 2023. This article belongs to the Special Issue of Sensors for Smart Vehicle Applications.

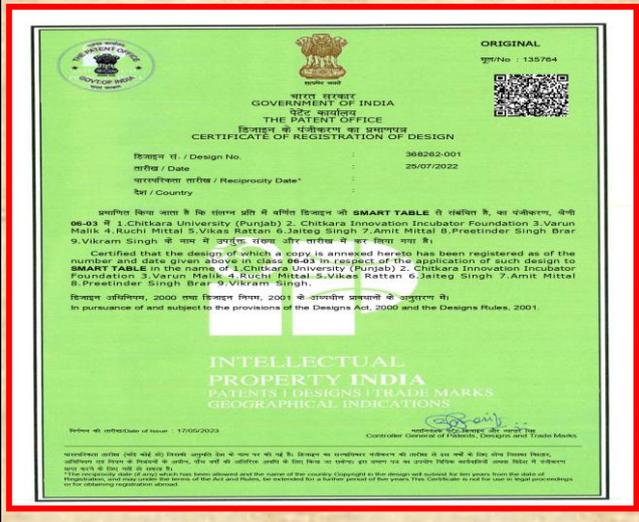

# FACULTY ACHIEVEMENTS

Dr. Maninderjit Singh Khanna, Dr. Jaiteg Singh, Mr. Jaspreet Singh Bajaj, Mr. Amanpreet Singh Dr. Akhilendra Khare were granted a patent titled “Alluminum Body Toothpick With String & Cavity Identifier Tool” vide application number 371088-001.

Dr. Varun Malik, Dr. Ruchi Mittal, Dr. Jaiteg Singh, Mr. Vikas Rattan, Dr. Jaiteg Singh, Dr. Amit Mittal, Dr. Preetinder Singh Brar were granted a patent titled “Smart Table” vide application number 368262-001.

Dr. Ruchi Mittal organized an FDP titled “Innovation in Technology and Healthcare” on April 20-21, 2022 at the Department of Computer Applications, Chitkara University, Punjab. More than Fifty Faculty members from chitkara University and outside compus participant in this Faculty Development Program.
